(S) = Crew has spinning priority

The golden rules of Rowing On:

- Boat with bows downstream as soon as the last racing crew (normally indicated by the passage of the following launch) has passed your raft.
- Proceed directly to the gut on your side of the river then circulate below the gut.
- Be in line, kit changed and ready to go 5 minutes before the division starts.
- Tap up to close all gaps *immediately* using *at least* half your crew.
- *Crews being overtaken during Rowing On are required to give way.* Failure to do so may result in a time penalty.
- Time bonuses may be awarded to impeded crews.
