(L) = Lights must be on your boat

(N) = Novice

Please remember the golden rules:

- Boat as soon as the last racing crew (typically followed by the following launch) has passed your raft, and head straight through the gut
- Crews 1-4 – get a whole lap between Haystacks and Falcon raft in if you're early; if late, spin at your starting area
- Crews 4-8 – go to Haystacks, giving way to spinning, "higher" crews
- Be in line, kit changed and ready to go 5 minutes before the division starts
- Tap up to close all gaps *immediately* using *at least* 4 rowers
- Faster boats must make their own way around slower boats
