(L) = Lights must be on your boat (Mxd) = Mixed (N) = Novice (J) = Junior

Please remember the golden rules:

- Boat with bows downstream as soon as the last racing crew (typically followed by the following launch) has passed your raft.
- Proceed directly to the gut on your side of the river then circulate below the gut.
- Be in line, kit changed and ready to go 5 minutes before the division start time.
- Tap up to close all gaps *immediately* using *at least* half your crew
- Faster boats must make their own way around slower boats
